**Christine's Flowers**

## Today's Free Wall Art Print Christine's Flowers

The image below is a digital painting that might add a bit of color to a room in your home. I created it to include a variety of colors and soft background tones that match or complement many of today's most popular wall paint colors.

The image will print at a size that fits a standard 11"x14" mat or any frame for an 8"x10" photo. If you decide to use it on a wall, you'll do best if you set your computer's printer to its highest quality and use matte or low-gloss photo paper.

Larger prints, canvases, matted and framed prints and matching decorative accents are available at Etsy and Fine Art America. If you're interested, just scroll down to read more>

Enjoy! And, check back often. I'm always adding new paintings at [TodaysArts.net](http://TodaysArts.net).

A handwritten signature in red ink, appearing to read 'DJ Berg', is positioned below the text.
